

Road Watch—Adopt A Road

KESAB awards overview

Many of you have been involved in the Road Watch-Adopt A Road program for a long time and we are truly grateful! In 2021 the program turned 25 which is certainly a milestone to celebrate. To share the impact we hosted the KESAB awards on April 4th. This saw three of KESAB's flagship programs highlighted including Road Watch -Adopt A Road, Sustainable Communities and Wipe Out Waste.

KESAB was lucky to have seven volunteers attend the awards in person at the Mawson Lakes Function Centre, and a few also joined us as we live-streamed online. Thank you to all volunteers involved in the program and a special thank you to those of you who were able to participate in the awards event. We also thank our supporters Jen & Wayne from the Department for Infrastructure & Transport, Hamilton Calder from Volunteering SA-NT and Ian Overton from Green Industries who attended. We hope it was enjoyable and look forward to sharing a video of the event soon. We also hope that you enjoy your new commemorative badges (image). Please let us know if you have not received yours.

At the event, report data from 2021 was reviewed showing 102 report submissions, detailing over 373 hours of voluntary clean ups contributed. The average clean-up time was 4 hours, collecting an average of 12kg of litter. The majority of this litter was single-use packaging but many groups are still collecting and benefitting from 10cent container collection. We enjoyed images from groups past and present, and Rhonda Whyatt from the Rubbish Riders group shared their story: *The Rubbish Riders are a group of friends who cycle together regularly. Volunteers come from 2 groups, Cycle Salisbury Social Rides, and The Uncool Cycling Group. When the Northern Connector Motorway was built there was a cycling path made alongside it, to join Pt Adelaide to Gawler. It is called the Tapa Martinthi Yala Shared Use Path. In the Aboriginal Kurna language it means 'Pathway to Embrace Today.'* Cyclists, walkers and runners all use this path. A section of this track passes through the old salt pans area between Globe Derby Drive and Salt Pan Junction at the Southern Interchange. It is a beautiful, unique landscape that needs to be respected, and as it was rapidly filling up with rubbish after completion of the adjacent road, the group adopted 5kms. They meet with their bikes and equipment, and space out along the route to do the clean up. The Council assists with litter bag collection. The group started with 3 volunteers and one small bike trailer and now have 13 volunteers and two trailers. It is a much more pleasant experience to cycle through the picturesque area without rubbish spoiling it. After the strenuous, dusty, sometimes hot work, a welcome coffee, chat, and rest are enjoyed at a nearby cafe. Thank you for sharing your story Rhonda!

The Rubbish Riders were awarded the Innovation award for their bicycle trailer collections. Gavin Smith from the Flinders Ranges Volunteers was awarded the Communication award for ongoing advocacy and engagement. Fiona Bennet from Flora's Revegetation was awarded the Dedication award for over 30 hours of contribution each year. Whilst these awards acknowledge the work we know about, we also know many of you are quiet achievers and we celebrate this too, thank you!

30 year anniversary

Goolwa Tidy Towns

Julia Fraser has kindly shared the Goolwa Road Watch groups story to commemorate their 30th anniversary. *"The Goolwa "Tidy Towns" Group (as it is fondly recognised by the Goolwa Community) began in 1992 with our founders, Alan and Helen Jones. From 10 original members, our Group has grown to 22 happy Goolwa retirees, giving back to their community.*

Apart from regular Road watch exercises on the Main Road north from Goolwa (approximately 4 kms), the Group assist the Council by creating and tending gardens around the town. Many members also pick up rubbish on their daily exercise along our beautiful River Murray and Goolwa Beach. Our photo shows 3 of our founding members in the middle of the front row, Gaynor Jones, Alan Jones and Judy Jones. Gaynor and Judy are sisters-in-law and no relation to Alan! Gaynor is still an active member of the Group, and her expert advice on all aspects of gardening is much valued." Congratulations on this milestone! KESAB and the community appreciate all that you do.

10 year anniversary

Tzu Chi Foundation

As featured in the February newsletter, the Tzu Chi Foundation of Adelaide are celebrating their 10 year anniversary this year. We had the pleasure of being involved in their online celebratory event on Sunday 8th May and congratulate them on their amazing community service in Adelaide and beyond. If you'd like to learn more about the group, you can view their celebratory event here: <https://youtu.be/NyvCuG3LqcM>

We are very pleased to be working with your group on this program and look forward to many years to come.

National Volunteer Week

May 16-22 May

It's time again to celebrate volunteering! This year also marks Volunteering SA-NT's 40th anniversary and they are looking forward to this year's parade in the Adelaide CBD. There will be a Welcome to Country performance by Kuma Kaaru followed by a concert featuring Australian Idol favourite Ricky-Lee and The Voice performer Rachael Leahcar.

KESAB would love it if you joined Sarah for the parade on **Monday May 16th**. Please meet at the Aboriginal & Torres Strait Islander statue near Victoria Drive from **10:45am**. We will walk together down King William Street from around 11:20am and celebrate with a provided BBQ lunch from midday. The event concludes at 1:30pm.

Please [register online](#) or call Sarah on 8234 7255

Safety & equipment

Equipment checks

Cold weather

Are you cleaning/sanitising your equipment after use? Please remember to practice good hygiene and safety to ensure that all equipment is well maintained for good working order. Please call (08)8234 7255 or email: roadwatch@kesab.asn.au if you require replacement equipment or would like more information about the correct use of materials. We also encourage you to check your first aid kits regularly to ensure that they are complete and up to date. Please remember to take these with you for each activity as you never know when you might need them.

SAFETY SPOTLIGHT: Cold weather

Outdoor activities that keep us fit & healthy can also help stave off ailments that affect us in the colder weather but we need to be careful of some hazards as the weather changes.*

From autumn to winter, please be mindful of the following:

- Fallen leaves that may make pathways/roadsides slippery. Please tread gently and avoid hazards.
- Ice (including black ice) can also make walkways and roads slippery. Please ensure that you use your senses to check walkways and listen to traffic so that you're aware of any vehicles slipping.
- Mud can hinder your access. Please wear appropriate footwear and avoid stepping in wet/muddy areas.
- Wind can decrease the felt temperature. Please ensure that you only go out in safe conditions and wear appropriate clothing. Cover your head, trunk and extremities with layers of tightly woven fabrics.
- Remember to stay hydrated and take snacks to fuel the body.

*With acknowledgement & thanks to the Red Cross for information.
