Comprehension - Using water wisely solutions

1. **Why do you think that water is a 'precious resource'?**

Some answers may include: living things need water to survive, we need water to keep clean, we need water to stay hydrated, our water supply is limited.

2. **Write down two simple things that you can do to conserve water.**

Some answers may include: turn off taps, fix dripping taps, have short showers, use the appropriate toilet flush setting, etc.

3. **What can you use rainwater from a tank for?**

Rainwater from a tank can be used to water gardens and for washing cars and clothes.

4. **Why is it important to use water wisely?**

It is important to use water wisely so that there will be enough for everyone to use now and in the future.
